

WANTED

BIKE RETAILERS!

“ I have been in the bike trade for over 20 years and four years ago had the opportunity to become an AvantiPlus dealer.

The AvantiPlus support team offers the very best customer service to their dealers and a complete business package to back it up. The funding options available gave me the opportunity to offer my customers a wide range of quality bikes, parts and accessories right from the start.

The change has been absolutely fantastic for my business with turnover increasing over 30% each year since I joined! You can't ask for more than that – in fact I believe in the brand so much I have opened two other stores! ”

Andy Murnane
Adelaide South Australia
